DANMEI, DANMEI,
OH...
DANMEI.

By the way, we (me) are drowning. Drowning in a pools and pools of manhua and the stressful tears of admin (me). Currently, one person (me) is doing the TL, QC, Editing, RAWs (for upcoming projects). DANMEI is glad to have our very few members, but we need more so that the translator can actually TL instead of spending hours upon hours on the other roles.

The lack of <u>these roles</u> is slowing production:

We need **RAW "HANDLERS"**
We need highly experienced **QUALITY CONTROLLERS**

Both roles require PRECISION TO DETAIL AND PATIENCE.

General Requirements:
You must have great attention to detail and have a passion for DANMEI/BL stories. It is very, very hard to find people who are interested in working on BL/Yaoi projects, it is even harder to find people who are good at what they do. *HOWEVER...*

...SHALL I FIND YOU,
I WILL TIE YOU UP AND BIND YOU TO THE PILLARS
OF DANMEI AND NEVER LET YOU GO...
